Sir:

This is in response to the Supplemental Notice of Allowability
dated July 6, 2004.

The issue and publication fees were timely paid on April 6, 2004
in response to the January 12, 2004 Notice of Allowance. However,
a Supplemental Notice of Allowability dated July 6, 2004 has just
been received.

U.S. Patent Appln. No. 10/053,160
Response to Supplemental Notice of Allowability
July 9, 2004
Page 2

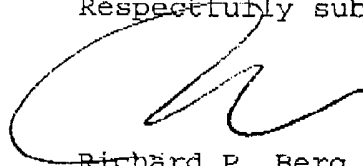

In a review of the July 6, 2004 Supplemental Notice of Allowability, it has been found to be almost identical to the originally issued January 12, 2004 Notice of Allowability, except that the Supplemental Notice of Allowability indicates that "None" of the certified copies of the priority document has been received, while the Notice of Allowability attached to the January 12, 2004 Notice of Allowance clearly states that "All" Certified Copies of the priority documents have been received in Application No. 10/053,160.

The assertion that "None" of the certified copies of the priority documents has been received by the U.S. Patent and Trademark Office (USPTO) is incorrect. A copy of the return postcard acknowledging receipt of the priority document by the Mail Room of the USPTO is attached. Also, attached is a copy of the letter to the USPTO transmitting one certified copy of the priority document. Since the priority document was undeniably received by the USPTO, the USPTO is urgently requested to issue a formal acknowledgment of receipt of same.

U.S. Patent Appln. No. 10/053,160
Response to Supplemental Notice of Allowability
July 9, 2004
Page 3

In view of the above, no further action on our part is needed, and the above-identified application should proceed to issuance with the claim to priority.

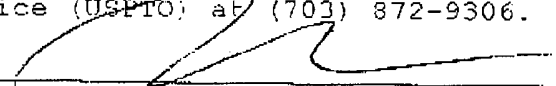

Respectfully submitted,

Richard P. Berg
